For example, if you are in a single you may have one FDU student guest of age; if you are in a double, you each may have a guest; if you are in a triple, each resident may have a guest. Any additional guests than outlined above, based on resident occupancy of the room, may constitute a large gathering, which may be in violation of the policy and forwarded to the Dean of Students office for possible conduct violations. This policy is separate from the University Guest policy for residents.
- Guests may include FDU commuter students who are 21 or older, but if a commuter is on campus to partake in responsible drinking, they must be registered as an overnight guest of the student whose room they are in, in order to ensure they do not partake in drinking and driving. Each resident of the room may have 1 overnight guest.

Education for those 21 and older:

- All residents choosing to live in the locations notated above may also need to complete an Alcohol Educational Module via Comevo prior to moving in for the academic year.

****Note also that it is against University policy and New Jersey law to operate a motor vehicle while under the influence of intoxicating liquor. Consuming even small amounts of alcohol dulls the senses, decreases reaction time, and hampers judgment, vision, and alertness. If you consume any amount of alcohol and your driving is negatively impacted, you can be convicted of drunk driving. More importantly, your safety and the safety of others will be at risk if you drive while intoxicated.**
