From the Desk of Dr. Anita E. Rivers President, Professional Administrative Senate

A quotation from Rosa Parks that I ascribe to reads:

"You must never be fearful about what you are doing when it is right."

The PAS Community is beginning to realize its value to the university. We, as the largest body of employees, provide the sustenance that keeps our university running. We are here to provide a transformational experience for our students, and we stand with our academic and union colleagues to make this happen. For this, I am FDU PROUD!

People of PAS: Rebecca Maxon

Director of Communications, Office of Communications

How long have you been at FDU? 28 years.

A person from PAS could reach out to me if they had a question on... I am responsible for communications and publications as needed by the University community. Reporting to the vice president of communications, I work closely with the University Graphic Designer Hector Torres and with the Associate Director of Communication Mary Ann Bautista.

What I like the most about working at FDU is... I like discovering the long history of the University.

Something I wish I had known sooner about FDU is... I wish I had known of this historical aspect sooner.

PAS Community Engagement Form: Share, Celebrate, Connect

The **PAS Community Engagement Form** is your space to share feedback, recognize achievements, and connect with colleagues. Your voice matters, and this form is designed to strengthen our community by fostering open communication, celebrating successes, and highlighting the people who make PAS exceptional.

- **Feedback** - Have concerns, ideas, or topics you would like to bring to the PAS executive committee's attention? Share them here anonymously to help shape the future of our community.
- **Proud** - Let's celebrate the incredible work happening across PAS! Whether a colleague went above and beyond, you presented at a conference, or won an award, we want to spotlight these achievements.
- **People** - Get to know the faces behind PAS! Share your story and connect with your colleagues. This is a great opportunity for new and current members to introduce themselves and highlight their contributions at FDU.
